Kurundvad 10 th July 1911

Sir,

I have the honour by direction of the Chief of Kurundvad (Senior) to submit the Annual Administration report of the Kurundvad (Senior) State for the year ending 31 st March 1911.

2 The Statements as per list accompanying are herewith submitted.

CHAPTER I

General and Political.

3 The Political relations between the British Government and this State were as cordial as ever.

4 The sad news of the death of His Majesty King Edward VII Emperor of India were telegraphed by the Assistant Political Agent, S. M. Country to the Chief on 8 th May 1910. All the schools and offices were closed for three days throughout the State as a mark of respect for the departed Sovereign. After the accession of His Majesty King George V Emperor of India, a Thaili letter expressing the utmost loyalty of the Chief and the State to the King Emperor was sent by the Chief to the Political Agent, Kolhapur and S. M. Country to be forwarded to the proper quarters. The proclamation announcing the accession of His Majesty King George V Emperor of India was duly read and proclaimed throughout the State. Remissions were sanctioned for convicts according to the scale laid down by the

Government of India. The deepest concern was evinced by all the subjects of the State over the death of His late Majesty King Edward VII Emperor of India and the 20th May 1910 (the day of the funeral) was observed as a day of mourning by all the classes combined throughout the State.

5 The State is divided into three Talukas, Kurundvad, Angol and Tikota, which are situated at a considerable distance from one another. It has an area of 185 square miles and its population according to the Census of 1911 is 38375 souls. The average of the gross revenue of the State has been shown to be Rs 198959-8-0 in the last year's Annual Report. The sums taken into account in having this average included also debts contracted by the State etc. The figure shown in this year's report has been arrived at by excluding all such items during the last five years. Thus the average gross revenue of the State etc. (based on an average of past five years) comes to Rs 142489-8-8. This figure, however, includes the revenue of the Chief's Inam villages, Sheri and Inam property situate in the State and else-where. The old system of accounts in force in the State does not enable one to arrive at a correct estimate of the real revenue of the State distinguishing it from the items referred to above. As noted elsewhere the question of a revision of this system has been taken in hand. The State pays to British Government an annual tribute of Rs 9618-12-0. Out of this sum Rs 1193-9-3 are deducted on account of the yearly fixed compensation payable by the British Government to the State for the prohibition of the manufacture of earth-salt at Tikota, and the exact amount yearly paid to the British Government is Rs. 8425-2-9 (vide Bombay Government Resolution No. 8108 dated 3rd November 1900).

6 The full name of the Chief is Bhalchandrarao Chintaman alias Annasaheb Patwardhan. He is a Konkanastha Brahmin by caste and is of 38 years of age. He is an Art-Graduate of the Allahabad University and a Sanskrit Medalist of the same. The Chief's wife Shrimant Soubhagyawati Yeshodabaisaheb comes of the Mujumdar family of Baroda. The Chief's step mother Shrimant Laxmibaisaheb, the widow of the late Chief, comes of the Bhagwat family of Ramapur in the Aundh State and resides usually at Kurundvad. The Chief's step sister Yamutai alias Akkasaheb is of 3 year's of age and is taken care of by her mother.

7 The Chief in his annual tour visited the Tikota Taluka during the year under report. No marriage celebration or any other event of importance in connection with the household of the Chief has taken place during the year under review. The Chief had been to Poona to attend the annual Birth-day Durbar held there by the Agent for Sardars in the Deccan, and after attending the Durbar, he stayed there for some days. The Chief had the pleasure of paying a visit to and having the visit returned by His Excellency Sir

George Sydenham Clarke G. C. M. G., G. C. I. E., the Governor of Bombay. The Chief had also the pleasure of seeing the Honourable Members of His Excellency the Governor's Council and almost all the important Officers of the Government then residing at Poona and being seen by them in return. The Chief had been to Poona for the second time on some business and had then the pleasure of seeing the Honourable Mr. R. A. Lamb I. C. S. Member of His Excellency the Governor's Council. The Chief had been invited to attend the "at home" at Government House Poona on the 4 th October 1910 and had accordingly been to Poona. The sports had, however, to be postponed to a further date and the Chief, therefore, returned the same day. He, however, had the pleasure of seeing Mr. Kincaid I. C. S. there. The Chief had further the honour of being present to witness the marriage of His Excellency Sir George Sydenham Clarke the Governor of Bombay with Mrs. Reynolds at Bombay. The Chief being asked by the Political Agent, Kolhapur and S. M. Country to see him and Major General Drummond C. B., C. I. E., the Inspector General of Imperial Service Troops at Kolhapur on the 8 th of December 1910, had accordingly been to Kolhapur.

8 During the year under review the Assistant Political Agent S. M. Country, and the Political Agent, Kolhapur and S. M. Country visited Kurundvad in the months of November and January respectively. The Assistant Political Agent, S. M. Country, visited the Angol Taluka in the month of March.

9 Appendix I gives the names of High Officials in the State.

10 The inquiry into the conduct of the permanent Nyayadhish and 1 st Class Magistrate and the Fouzdar of Kurundvad Taluka continued for nearly ten months, was completed by the Special Commissioner during the year under review, and the report of his finding was submitted to the Chief by the Special Commissioner. The Chief after thoroughly going into the papers of the inquiry found no case proved against these officers and passed therefore a decision acquitting them on the 29 th November 1910. Of these two officers, the Fouzdar owing to oldage resigned shortly after and his resignation was accepted. The duties of the Nyayadhish had been entrusted to the Public Prosecutor and the State pleader since 1st of April 1910 and as that work was found to be performed satisfactorily by him, the permanent Nyayadhish was ordered before resuming his own duties to examine the work of every department of the State and submit a report to the Chief pointing out the effect of the changes in their workings introduced since the death of the late Chief and suggesting any further changes in the

routine of the work of these departments. He carried on these duties for nearly 3 months and had nearly completed his work. He had, however, to resign his appointment in the State owing to the continued illness of his wife and his resignation was accepted by the Chief. Mr. Khasnis B. A. L. L. B. the Huzur Chitnis has been asked to complete this special work entrusted to the permanent Nyayadhish. The Public Prosecutor and the State Pleader continued, therefore, to act as Nyayadhish throughout the whole of the year, the Court of the 1st Class Magistrate remaining closed.

11 The Inamdar of Wadi, a suburb of Kurundvad, was deprived of the Criminal, Civil and Revenue powers previously entrusted to him on the 29 th August 1910 as a temporary measure pending further inquiry and consequently the Munsiff's Court at Wadi and the 3 rd Class Magistrate's Court at Wadi remained closed since the date above referred to, to the end of the year under review.

12 During the year under review Mr. R. S. Sahasrabudhe L. M. and S. the Medical Officer, resigned. Mr. C. B. Kelkar a retired Hospital Assistant of the British Service resides here, this being his native place. He was temporarily appointed to the post pending the appointment of a qualified Medical Officer. Mr. Y. V. Modak L. M. & S. has been appointed as the Medical Officer of the State on the 15 th February 1911 and has since been carrying on his duties.

CHAPTER II.

Administration of Land.

13 The State lands were surveyed and assessed by the British Survey Department partly in the year 1887 and partly in the year 1896 and the Rayats have been paying the assessment very smoothly. The lands of the Inam Villages of Kurundvad and Ganeshpur have not been surveyed. The present Chief had expressed his willingness to have the lands of these two villages surveyed and to bear the cost of the operations. On a representation of these views by the Political Agent, Kolhapur and S. M. Country to the proper Authorities, the Bombay Government were pleased to sanction the survey of these two villages by the Survey Department and the work of surveying the land of Kurundvad was begun by the end of the year under review. It is expected to have the operations completed before the monsoon of 1912 sets in.

14 5 Acres and 6 Gunthas of waste lands were brought under cultivation during the year.

15 The boundary dispute between Malbemardi and Hudli and Lohkur and Shedbal have been settled during the year under review and those

between Kudremani and Supe, Wategaum and Bamburda and Savasudi and Khandal are not as yet settled. There arose new boundary disputes between Hatti-Tajpur and Nidoni and Dashal and between Tikota and Kotyal during the year under report.

16 No Takwai advances worth mention were paid to the Rayats during the year under report.

17 There were no important variations in the demand and collection of revenue for the year of report.

18 Total land under cultivation in the State was 67861 Acres 38 Gunthas and 2 annas against 67856 Acres 32 Gunthas and 2 annas of the past year. No general remission was given. Coercive measures worth mention were not resorted to (with very few exceptions) for the collection of revenue during the year of report.

19 Sufficient attention is not paid by the cultivators to keep the boundary marks of Survey numbers in repairs. The actions taken under Section 122 of Land Revenue Code are not found sufficient for the purpose. It is, therefore, contemplated to prepare a scheme mainly on the lines laid down in Bombay Government Resolution Revenue Department No. 10527 dated 6 th November 1906 and to bring it in force in the current year to remedy the possible evil of a total obliteration of these boundary marks.

20 Points of disagreements having arisen in various places as regards the right over the dead bodies of animals between the Mahars and the Rayats, the matter was inquired into and a set of rules for the guidance of village officers and the Police and the Revenue Authorities was finally sanctioned by the Chief on the 19 th September 1910 and was duly published. The fact that these rules are liable to be altered only on the adoption of the procedure contemplated by section 18 of Act III of 1874 has been brought to the notice of the Rayats. Disagreements also exist between these same parties as regards the question of " Baluta " and it is proposed to deal with this question in the same way during the current year.

CHAPTER III.

Protection and Legislation.

21 Some Acts of the Governor General of India in Council and of Governor of Bombay in Council were brought into force in the State " *mutatis mutandis.* " A list of these and of those already in force is

given in Appendix II. A Ruli called I of 1910 in connection with Inams and succession inquiry based mainly on the lines of the Acts II of 1863 was prepared as the old Ruli in this connection was found to be incomplete in many details and was duly submitted to the Chief for sanction. It was finally sanctioned by the Chief on 29 th November 1910 and is in force since the 1 st of December. 1910.

Military force.

22 No Military force is maintained by the State.

Police.

23 The total strength of the Police force inclusive of Sowars in the State was 79 constables and 7 Sowars against 76 Constables and 7 Sowars of the past year.

24 During the year under review the question of an increase in the strength of the Police and the appointment of an Officer responsible for the whole Police of the State was taken up in hand and a scheme in this connection was duly submitted to the Chief. The scheme received the final appoval of the Chief on the 18 th October 1910 and the required increase in the staff and the appointment of an officer styled the Chief Police Officer have been sanctioned and the scheme has been brought into force by the beginning of the current year, and Mr. V. V. Kunnur the Fouzdar of Angol and the senior among the State Police Officers is appointed in this newly created post of the Chief Police Officer. His head quarters are to be, pending further orders, at Angol. The system of keeping the Records of the District and Village Police has been thoroughly revised and it has been brought in conformity as nearly as possible with that in force in British India from the 1 st of April 1911.

25 Of the constables 25 are armed with smooth bore muskets and the rest with batons only. The sowars are armed with swords and lances. This force was maintained at a cost of Rs. 7608-0-0 against Rs. 7320-0-0 of the past year. The sum shown in the expenditure side under this heading in appendix XXII includes the amount spent in clothing this department and in meeting contingency and stationary requirements of this Department in addition to the amount of pay shown above.

26 As the result of the correspondence referred to in the last year's report on the subject of having more arms for the use of the StatePolice, the number has been now fixed to be 28 and 13 new muskets with Bayonets and 15 Bayonets for the servicable arms of the old 25 guns have

been ordered from the Ordnance Department giving ten muskets in exchange that have been found to be unservicable.

27 The ratio of the Police to the population was about 1 to 485 and of area was about 1 to 2.3

28 Appendix IV gives the, cost, discipline and education of the police during the year under report.

29 Appendices V, VI and VII give the result of the working of the Police during the year under report.

Village Police.

30 The number of village Police remained the same as in the last year viz–143. They are all on service tenure and assist the village Officers and District Police in the performance of their duties.

Criminal Justice

31 The Court of the 1 st Class Magistrate was closed throughout the year under report and the Court of the 3 rd Class Magistrate at Wadi was closed from 29 th August 1910 to the end of the year under review for reasons noted in para 11. The Courts of original Jurisdiction at work during the year therefore were the following:—

1	Sessions Court.
1	District Magistrate's Court.
3	2 nd Class Magistrate's Courts.
3	3 rd Class Magistrate's Courts.
1	3 rd Class Magistrate's Court at Wadi from 1st April 1910 to 29 th August 1910.
9	

Appendix VIII gives the details of the work done by the different Criminal Courts of original Jurisdiction during the year.

33 The number of offences reported during the year was 132 against 156 in the last year. The number of persons dealt with was 373 against 340 in the previous year. Of these 41 were of the past year, 54 were arrested by the police, 67 were arrested under warrants, 207 appeared on summons, 2 appeared voluntarily and 2 were arrested in the presence of the Magistrate.

34 Of the persons disposed of 11 were discharged without trial, 265 were acquitted, 59 were convicted, 2 committed to the Session's Court, 1 died while under trial and 35 remained awaiting trial at the end

of the year.

35 There were 2 Session's cases in the year under report against 7 of the last year. Out of 16 persons involved in these cases 14 were of the last year. Of those 16, 6 were convicted, 9 acquitted and 1 remained at the end of the year.

Appellate work.

36 The number of appeals disposed of by the appellate Courts is given in appendix IX. The details of the disposal were as follows:—

By the Huzur Court	2
By the District Magistrate's Court	4
	6

37 In 3 of these the decisions of the lower Courts were confirmed in 2 reversed and in 1 modified.

Civil Justice.

38 Out of the 4 Courts of Original Jurisdiction, 3 were at work throughout the whole year. The Court of the Munsiff at Wadi was at work from the 1st April 1910 to the 29 th August 1910. The two appellate Courts were at work throughout the whole year. The work done by the Civil Courts of first instance is given in Appendices X and XI.

39 For the last 8 years the Mamlatdar of Angol had been also performing the duties of the Munsiff there. This work was, however, found to come in the way of his touring duties and the old practice of having the Courts of Angol and Kurundvad presided over by the same officer at stated intervals, has been resorted to during the year of report and it is hoped that this practice may be found satisfactory.

40 During the year under review Local Act XIV of 1869 passed by the Governor General in Council was introduced into the State. The Nyayadhish presiding over the Courts of Kurundvad and Angol is now given the powers of a 1 st Class Sub-Judge and the Munsiff at Tikota, the powers of a 2 nd Class Sub-Judge. The Nyayadish Kurundvad and Angol is also empowered to hear any appeals referred to him by the Sir-Nyayadhish on the Tikota Sub-Judge's decisions. It has also been brought to the notice of the subjects of the State by notification in this connection that the State was never liable to be sued by the subjects of the State owing to the fact that the powers of the Local Government and High Court

centered in one and the same individual viz, the Chief and that the same was to be the case in future. The corresponding portion of the act above referred to and of the Civil Procedure Code was made inapplicable in this connection, the subjects being given expressly the remedy of having their grievances redressed by petitions of rights.

41 There were 84 suits remaining undisposed of at the end of the last year and 182 new suits of different natures were instituted during the year of report as against 194 of the past year. Thus the total number of suits for disposal was 266 against 220 of the last year. Of these 234 were disposed and 32 remained for disposal at the end of the year. The average duration of suits does not exceed three months and twelve days.

42 The aggregate value of the subject matter of the suits instituted was Rs. 49913-0-0 against Rs. 35616-13-4 of the last year.

43 The nature and number of suits instituted during the year as compared with those of the last year were as follows:-

Nature of suits	1909-10	1910-11
Suits for immovable property,	99	122
Money Suits	93	58
Suits for other rights	2	2
	194	182

44 Appendix XI shows that the Civil Courts had to dispose of 158 applications for the execution of decrees including 46 balance of the preceding year. Of these 140 were disposed leaving 18 pending at the close of the year.

45 Appendix XII will give the work done by the Civil Appellate Courts during the year. Out of 22 appeals filed during the year of report and 4 of the last year, 19 were disposed of during the year and 7 remained in balance.

46 Care is being taken to have a good Law Library for the use of the State. The Series of Indian Law Reports of the 4 High Courts and the Punjab Chief Court have now been brought upto date. There are some missing numbers still in the series but they are out of print and are expected to be reprinted shortly when they will be added to the library. For the use of the State Officers not knowing English the purchase of one set of the translations of the series of the Indian Law Reports by the Nyayashraya

Office of Poona was sanctioned during the year. The expenditure on account of Law-books for the year was Rs. 346-7-0

Extradition

47 During the year under report the State made Extradition demand in three cases and received two persons, one from the British Government and one from another Native State. The Extradition of one person from the British District was not sanctioned by the Political Agent, Kolhapur and S. M. Country owing to insufficiency of prima facie evidence. There was one Extradition demand from the British Government and that person was surrendered.

Jail

48 There is one central Jail at Kurundvad sufficient to hold 50 inmates and 2 lock-ups at Taluka stations.

49 In all these prisons there were 25 prisoners at the beginning of the year and 26 were admitted during the year.

50 The general health of the prisoners continued to be good during the year. One prisoner died in the Kurundvad Jail on account of oldage and general debility.

Registration.

51 The number, description and other particulars of documents presented for Registration during the year will be found in Appendix XIV.

52 The receipts on account of the Registration of documents during the year amounted to Rs. 1743-6-6 against Rs. 1588-8-6 of the preceding year. Deducting from this, the expenditure Rs. 153-1-0, there remained Rs. 1590-5-6 as a net profit to the State (vide Appendix XV)

Municipal Administration

53 There is only one Municipality in the State and that is at Kurundvad. It was managed by a Managing Committee under the Chairmanship of Mr. G. K. Konradi, a vakil of the State elected by the members of the General Committee. The Sanitary condition of the town remained satisfactory. During the year under review the question referring to the re-assessment of Municipal house tax was taken in hand and the schedule has been submitted to the Chief for sanction and the final sanction of the Chief is awaited.

54 A Code of bye-laws for the working of the Municipality was drawn up and was sanctioned by the Chief. The general question of a revision of the other heads of income and expenditure of the Municipality has been referred to a sub-Committee and it is expected that the report of the Sub Committee will be ready very shortly and that action upon it will be taken during the current year. The question of a scheme of adding representatives of the residents of the town of Kurundvad to the General Committee is engaging the attention of the Chief.

District Local Board.

55 As stated in para 83 of the last year's report Act III of 1869 of the Governor of Bombay has been introduced into the State. A Board consisting of nine officers of the State hae been constituted for the purposes of this Act and a definite set of rules has been sanctioned by the Chief for the working of this Board. The Board is to commence its operations during the current year, and to continue the same till the end of the Fasli year 1325. The question of preparing a scheme to add representatives of the rayats to this Board after the above-mentioned experimental period is engaging the attention of the Chief. Works sanctioned during the year under review amount to the estimated value of Rs. 4564-3-10. The expenditure under this heading is shown in Appendix XIX as shown by the accounts adjusted by the end of the Fasli year 1320. The qualified Overseer attached to the State Public Works Department has been ordered to prepare a rough estimate of the requirements of the State under this heading for the use of the Board.

CHAPTER IV.

Production and Distribution.

56 The season on the whole was a favourable one. The yield of the Kharip crops in the Kurundvad Taluka was 8 annas, Rabi crops in the Tikota Taluka was 12 annas and pady crops in the Angol Taluka was ten annas in a Rupee. The rain-fall in the State was timely and just sufficient. Appendix XVII shows the figures of rainfall registered at Taluka Stations of the State and the average of past five years.

57 The wages per diem of skilled and unskilled labour in the State were as follows:—

Carpenter	... ...	8 to 12 annas
Mason	... ...	8 to 10 annas
Cooly	... ...	4 to 6 annas

58 The prices of staple food grains during the year compared with

those of the past year are given in Appendix XVIII.

59 The services of the experienced ranger mentioned in the last year's report have now been permanently secured for this department. During the year under review owing to frequent trespasses into the forest area and serious destruction of forest property by villagers of villages adjacent to the State forest, it has been found necessary to take up the question of taking action under the forest Act in force in the State and declaring portions of such lands to be reserved or protected forests as the case may be. Correspondence is going on in this respect and is expected to be finally disposed of during the current year. There is only one forest area in the State situated in the Angol Taluka. The total area occupied by the forest during the year remained the same as in the last year viz 1770 Acres. The total forest revenue amounted to Rs. 2059-1-6 and the expenditure incurred on account of this department was Rs. 1719-15-10½.

60 *Trade and Manufacture:* Cotton trade to the amount of Rs. 150000 approximately was carried on in the State during the year. There is one ginning factory at Kurundvad. Rice, staple food grains and coarse sugar are generally imported for local consumption. Coarse country cloth is generally manufactured in the State. There is no other trade or manufacture worth mentioning in the State.

Public Works

61. Works taken in hand during the year under review sanctioned in the Budget of the year before, were completed. The Budget for the year under review has sanctioned works of the estimated cost of Rs. 12000. Expenditure under this heading is shown in appendix XIX as shown by the accounts adjusted by the end of the Fasli year 1320. The services of the additional qualified overseer are expected to be made permanent, a report to that effect being submitted to the Chief.

62 *Post Offices*: —The number of Post offices in the State was the same as in the last year viz five.

63 A Telegraph Office under a five year's guarantee of the State has been opened at Kurundvad on the 7 th January 1911.

64 There is no mint in the State.

65 *General condition of the State and people;* The general condition of the Kurundvad Senior State subjects was satisfactory during the year and the public health was also good throughout the year, although plague

appeared in four villages of Angol Taluka namely Angol, Uchgaon, Ambewadi and Bachi. The out-turn of crops in this State is given in para 56 above. Appendix XX gives the Agricultural live-stock in the State.

66 There was no immigration or emigration in the State.

CHAPTER V.

Revenue and Finance.

67 The yearly compensation payable to this State on account of the lease of some part of the Abkari managemeut by the British Government for the period of ten years ending 31 st July 1914 is Rs. 7705-5-6 This amount includes the sum paid by the State to the Dumaldars of the State as compensation for their Abkari revenue. The revenue and the number of excise shops holding licenses from the State itself are shown in Appendix XXI. The particulars to be given in this Appendix of the part leased to the Bombay Government are to be supplied by the Bombay Government and will be included in the report from the current year.

68 The list of heads of income and expenditure was revised and the accounts for the Fasli year 1320 were kept with these headings. Appendix XXII gives in detail the receipts and expenditure of the State for the Fasli year 1320 compared as far as possible with those of the Fasli year 1319.

69 Subjoined is the comparative statement of receipts and expenditure of the State during the Fasli year 1319 and 1320. The receipts includes the revenue from the Sheri lands of the Chief, the revenue of Kurundvad and the Chief's part of the revenue of the village of Ganeshpur and the Chief's lands situated outside the State as well

Year	Opening balance	Receipts.	Expenditure	Closing balance
	RS. AS. PS.	RS. AS PS.	RS. AS. PS.	RS. AS. PS.
Fasli 1319 (1909-1910)	32717-14-10	299753- 1- 2½	300465- 5- 1	32005-10-11½
Fasli 1320 (1910-1911)	32005-10-11½	219295-15 -6½	173462 -9- 2½	77839-1-3½

70 In para 61 of the last year's Annual Report the outstanding iabilities by the end of the year were shown to be approximately Rs.

130000. During the year under review, the partial checking of the accounts of the State revealed that deposits amounting to approximately Rs. 53000 were received by the State during the last administration and that of these, deposits amounting to Rs. 20000 are to be held permanently in trust by the State by way of meeting Educational and Devasthan Institutions and the remaining Rs. 33000 are temporary advances. Of these, advances amounting to Rs. 12441 have been paid back. Revenue and Civil deposits (Amanat) shown in the accounts of the Angol and Tikota Talukas of the State amount nearly to Rs. 82000 and the work of adjusting the same is nearing completion and it is expected to be finally carried out before long.

71 The system of keeping accounts of the State followed up to the end of the Fasli year 1320, was mainly based on the system laid down by Ramrao Tadpatri. This system was found to be too cumbrous and consequently the work of completing the yearly accounts of the State has been found to be vastly in arrears. The result of an inspection in this connection revealed the fact that the final accounts of the State have remained in arrears for the last 25 years that is since the Fasli year 1296. The accounts of the Tikota Taluka only were found to be upto date. The accounts of the Angol Taluka were found to be in arrears since Fasli year 1308, and a special establishment maintained on this account has completed the accounts upto the year 1317. The work of the remaining years is being pushed by the same. The chief cause of this delay in completing the accounts was found to be the want of men qualified under the old system followed in the State. With a view to remove this cause of delay, the Chief on my recommendation asked Mr. Sitaram Vishram Gandhi pensioner Head Accountant of the British Service to make a thorough inspection of the system followed in the State and to report on the advisability of introducing the system of accounts based on the forms prepared by Messrs Hope and Symond, followed in British India. Mr. Gandhi's report showed that the system followed in British India can be introduced with every advantage into the State. The Chief has accordingly sanctioned the adoption of this system from the beginning of the Fasli year 1321 and has also asked the aforesaid Mr. Gandhi to supervise the work for the whole year. A special establishment is to be maintained for bringing the final accounts of the State remaining in arrears, as shown above, to the end of the Fasli year 1320.

CHAPTER VI.

Vital Statistics.

72 There are two dispensaries in the State one at Kurundvad and

the other at Tikota. The total number of patients treated was 8813 and the cost was Rs. 2369-15-5.

73 Appendix XXIII shows the number of patients treated and the expenditure incurred therewith during the year under report.

74 The Sanitary condition of all the Talukas in the State was satisfactory.

75 The arrangement of placing the Medical and Sanitary Department of the State under the direct control of the Medical officer of the *K*urundvad Dispensary was in force throughout the year and was found to be working satisfactorily. The scheme is expected to be definitely settled during the current year and made permanent.

Vaccination.

76 The work of Vaccination was carried on by the State Vaccinator under the inspection of the State Inspector. The number of Children vaccinated was 1240 during the year and the total number of cases re-vaccinated was 105.

77 Expenditure incurred on account of this Department was Rs 553-14 against Rs. 499-11 of the last year.

78 *Plague*;—During the year under report plague appeared in 4 villages of the Angol Taluka namely Angol, Uchagaon, Ambewadi and Bachi. The total number of attacks and deaths was 110 and 70 respectively.

79 Appendix XXIV gives the number of births and deaths during the year compared with that of the past year.

80 *Census*:—A general Census of the State was carried out in co-operation with the Government of India on the 10th March 1911, after having introduced the Act XVI of 1910 passed by the Governor General of India. The tatal population of the State was found to be 38375 souls thus showing a decrease of 2919 souls as compared with the Census total of 1901. This decrease is mainly due to the mortality caused by frequent visitations of plague and the after effects of the same.

CHAPTER VII

Instruction.

81 Appendix XXV gives the number and description of schools, attendance of pupils therein, and other particulars.

82 The number of schools in the State was 17 against 15 of the last year. Out of these 17 schools, 4 were Anglo-Vernacular schools, one was a Girl's school and the remaining 12 were Vernacular schools for boy. The number of pupils on the 31 st March 1911 was 821 against 757 in the last year. There was an increase of 64 in the number of pupils attending these schools. 2 schools were given grants-in-aid in the year under review, thus making the number of aided schools 4 and state schools 13.

83 Instruction in the primary schools is given free.

84 The Anglo-Vernacular school at Kurundvad teaches upto the English 5 th Standard and the Anglo-Vernacular Schools at Angol, Uchgaon and Tikota teach upto the English 3 rd Standard. In other schools, the instruction is given upto the Vernacular 4 th standard.

85 All the schools in Kurundvad proper were inspected by the Head Master of Kurundvad and other schools in the Kurundvad and Angol Talukas were inspected by the Deputy Educational Inspector Belgaum. The schools at Tikota and Wategaon were inspected by the Deputy Educational Inspecters of Bijapur and Satara respectively, the schools being in their respective beats. In all these schools the general management was good and the results were fair.

86 Scholarships were awarded to the deserving students in the Anglo-Vernacular School at Kurundvad. Two students have been kept at the Agricultural College Poona since the last two years at an expense of Rs. 40 per month. Both the students have passed the 2 nd examination in Agriculture held in the month of March 1911 and are now preparing for their Examination for the degree of B. Ag.

87 The total cost on accouut of Education in the State was Rs. 4889-0-0 against Rs. 4453-0-10 in the last year.

88 The arrangement noted in para 82 of the last year's report of placing the Educational Department under the direct control of the Head Master of the Kurundvad F. G. A. V. School, was found satisfactorily working and was, therefore, made permanent, and the Head Master was placed in charge of this Department with the title of Shaladhikari.

89 Many of the existing schools in the State are not provided with suitable buildings and are not also properly staffed. The Chief has, therefore,

during the year under review, passed orders to the effect that attention should be first paid to provide existing schools with suitable buildings and proper staff before sanctioning the opening of any new schools in the State. The work of constructing a building for the 2nd Grade Anglo-Vernacular School at Uchgaon was commenced during the year and is expected to be completed before the monsoon.

A. for his suspension period. Increase in the Police Department is due to the payment of the pay of the Fouzdar & two constables for their suspension period & to the periodical clothing of the Department. Increase in the printing press is due to the purchase of one more machine. Increase in the forest Department is due to the higher pay of present ranger and the undertaking of some experimental works. Increase in the Educational Deqartment is due to promotions. Increase in the Chief's private expenditure is due to the payment in the year under review of some items of the last year. The cause of the decrease in the miscellaneous heading is that advances to the various Departments were less in the year under review. The cause of the increase in the Public Works Department is that the Major part of the amount was included in the last year's heading m iscellaneous. this figure is arrived at after the adjustment of accounts during the year under review. The cause of increase in remission was that some irrocoverable arrears were written off. Decrease in Revenue Establishments [village establishments etc.] is due to some items included in this heading being unpaid till the end of the year

THE ASSISTANT POLITICAL AGENT,

S. M. Country,

State Karbhari's Office,

Kurundwad 10th July 1912,

Sir,

I have the honour to submit, by direction of the Chief of Kurundvad (Senior), the Annual Administration Report of the Kurundvad State (Senior Branch) for the administrative year ending 31 st March 1912 and the financial year ending 2 nd June 1912.

2 The Statements as per list accompany.

CHAPTER I.

General and Politieal.

3 The Political relations between the British Government and this State were as cordial as ever. The Governor-in-Council was pleased to direct by a Resolution dated the 26th August 1911 that the designation of the Political Agent, Kolhapur and S. M. C. should, in future, be " Resident at Kolhapur and Political Agent Southern Maratha Country States."

4 The year under review was really an epoch-making year in the History of India as two auspicious events took place in the year, viz- the Coronation of Their Most Gracious Majesties the King-Emperor George V and the Queen-Empress Mary in London on the 22 nd of June 1911 and the Durbar held by Their Majesties in person at Delhi on the 12 th of December 1911. An address was forwarded to the Political Agent Kolhapur and S. M. Country to be forwarded for presentation in London to Their Majesties on the Coronation Day on behalf of the Chiefs of the S. M. C. States expressing their utmost loyalty towards the throne and persons of Their Most Gracious Majesties. The Chief was extremely glad to do his part in the matter.

5 In accordance with the wishes of the Government of India the usual Coronation Day celebrations were reserved till the 12 th of December 1911. The 22nd of June 1911, the Day of Their Majesties the King-Emperor's and the Queen-Empress' Coronation was, however, observed as a general holiday and local celebrations were arranged for school boys when prizes and sweetmeats were distributed. At Kurundvad a Durbar was held in the morning under the Auspicies of the Chief who in a few words explained to the assembly the nature of the ceremony held in London. The Chief afterwards had been to Kolhapur to attend the Durbar held by the Political Agent, Kolhapur and S. M. Country in honour of the Coronation.

6 For the purposes of carrying out the orders of the Chief in the matter of the celebrations of the Auspicious Delhi Durbar Day the villages of the State excluding Kurundvad proper were divided into three classes, viz (1) villages without schools (2) villages with schools (3) Taluka Stations.

7 In villages without schools, Photographs of Their Majesties were placed in a prominent position in the Chawdis or temples where they appeared to be more spacious and the headmen of each village in the presence of all the rayats asked the Kulkarnis to read the Royal Proclamation which was heard by all the rayats standing while being read. The headmen afterwards distributed Pansupari to the rayats assembled. At night selected places including Hindu Temples, Mahomedan Mosques, Jain Bastis and Lingayat Mathas were lighted and the rayats passed the night in such temples offering prayers for the long life and prosperity of Their Most Gracious Majesties the King--Emperor and the Queen-Empress, spontaneously combining with the village headmen for the purpose.

8 At villages with schools other than Taluka Stations, the above programme was observed with the addition that school children were separately accomodated at the reading of the proclamation and were afterwards given medals and sweetmeats after the school-masters had informed them of the nature of the Auspicious event happening at Delhi. The school boys were at night under the lead of their school masters led in parties to see the lighting of the local temples and were accomodated at the local Bhajni parties for some time when they were safely conducted to their homes.

9 At Taluka Stations the celebrations were held under the Auspicies of the two Mamlatdars and one Mahalkari. The people of Angol expressed a desire to carry the Photograph of Their Most Gracious Majesties in procession from a temple to the Mamlatdar's Office. The Mamlatdar seeing the enthusiasm of the people allowed them to do so. The Mamlatdar of Angol afterwards read the proclamation and explained the nature of the Auspicious event happening at Delhi. The school-children were afterwards treated as above. In the afternoon some deserving poor were fed and a Harikirtan party was held when the Mamlatdar and all the leading gentry were present. At night all the State buildings at the Taluka Stations and selected temples were profusely lighted. The rayats evinced the deepest

interest in all the proceedings. The local Authorities took the Proclamation occasion to present the sanads to the recipients, received from the provincial Superintendent of Census for the Bombay Presidency. At Tikota and Wategaum, the prevalence of plague was, it appeared, to a certain extent forgotten by the rayats and celebrations on the lines followed at Angol were held.

10 At Kurundvad proper a grand Durbar was held under the Auspicies of the Chief who had managed to return from Bombay for the purpose, in the big Raghavji temple. Shrimant Bhausaheb and Shrimant Nanasaheb Chiefs of Kurundvad (Junior) also graced the occasion by their presence. School-children were separately accomodated in the Durbar space. A photograph of Their Majesties nicely framed was placed in a prominent position. The proceedings began with a short speech of the Chief on the happy event at Delhi, and the Royal Proclamation was then read by me under the commands of the Chief. Sanads received from the Provincial Superintendent of Census for the Bombay Presidency were presented to the recipients happening at Kurundvad. One convict from the Central Jail recommended by the Jail Superintendent for release on this happy occasion on account of his good conduct was brought to the Durbar in Police custody and was released after I had explained to him the happy cause of his release. Pansupari was afterwards distributed and also medals and sweetmeats to the school--children. The school--children performed some recitation work and in this Shrimant Bapusaheb the son of Shrimant Bhausaheb the Chief of Kurundwad (Junior) and a student from the F. G. A. V. school Kurundwad took a leading part. After this the Chief distributed clothes to deserving poor and then all the poor of this place and of the surrounding villages numbering about 865 were fed at the instance of the local Municipality and the State. The evening saw the people and the school–children, on the maidan to the south of the town where sports for school–children, for men in the Police force and for the general public were held and prizes awarded to the successful competitors. Wrestling matches were held in the same place and the evening passed off. These events were witnessed not only by the residents of this place but by people from villages all around. Just after sunset all the buildings of the State, Hindu temples, Mahomedan Mosques, Jain Bastis and Lingayat Mathas were brilliantly lighted and the lighting continued to draw crowds towards it till midnight. At about 9--30 P. M. a firework display was witnessed by the people young and old, rich and poor and lasted for about $\frac{1}{2}$ hour. At 10 P. M. learned Bramhins recited in the local temple, Vedic Mantras blessing Their Most Gracious Majesties and praying long life and prosperity for them. At all events special care was taken to accomodate school-children.

11 The Postal Authorities had arranged to light the buildings in their occupation and the subjects of the State also tried their best to celebrate the Day and lighted in the evening their houses.

12 One thousand medals were distributed amongst children of all the schools in the State including State schools, grant-in-aid schools and indegi- nous schools and sweetmeats were distributed to all of them.

13 In the evening I visited the Central Jail and informed the convict prisoners of the scale on which remission was granted to them of their term of imprisonment explaining to them at the same time the happy cause of this remission.

14 Bombay had the unique honour of offering the first welcome on behalf of the Princes and people of India to Their Majesties on the 2nd of December 1911 on Their Majesties' alighting on the shores of India and Bombay did not shrink back from making arrangements of offering a right royal welcome to Their Majesties. The Chiefs of the S. M. C. States had the greatest pleasure in joining in the arrangements at Bombay and had a beautiful arch erected at their expense at the hands of the Bombay Reception Committee. The Chief was extremely glad to do his part in the matter. The 12th of December has been sanctioned as an annual holiday and special celebrations by the Educational Department have been permanently sanctioned.

15 The State is divided for administrative purposes into three Talukas, Kurundvad, Angol and Tikota which are situated in the Belgaum and Bijapur Districts. One village in the Kurundvad Taluka is situated in the Satara District. The State has an area of 185 square miles and it's population according to the provisional figures of the Census of 1911 is 38375 souls. The average gross revenue of the State including Inam alienations (based on an average of past five years) comes to Rs 154369-13-8. This figure includes the revenue of the Chief's Sheri lands and Inam villages situate in the State and Inam property situate elsewhere as well. As noted in the last year's report the new system of accounts has been brought into force during the current year and consequently it has now been found possible to give separate figures of these heads of income (as shown in Appendix XXII).

16 The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted on account of the yearly fixed compensation payable by the British Government for the prohibition of the manufacture of earth-salt at Tikota and the exact amount yearly paid to the British Government is Rs. 8425-2-9 (vide Bombay Government Resolution No. 8108 dated 3rd November 1900).

17 The Chief Bhalchandrarao Chintaman alias Annasaheb Patwardhan is a Kokanasth Bramhin by caste and is 39 years old. He is an Art-graduate and a Sanskrit Medalist of the Allahabad University. His wife Shrimant Soubhagyawati Yeshodabaisaheb comes of the Mujumdar family of Baroda. The Chief's step-mother Shrimant Laxmibaisaheb, the widow of the late Chief, comes of the Bhagwat family of Ramapur in the Aundh State and resides usually at Kurundwad. The Chief's step-sister Yamutai alias Akkasaheb is only four years old and is taken care of by her mother.

18 No marriage celebration or any other event of importance in connection with the household of the Chief has taken place during the year under review. The year, however, witnessed the sad death of the Chief's uncle Shrimant Dajisaheb Chief of Kurundwad (Junior).

19 The Chief, as mentioned in para 5, attended the Durbar held by the Political Agent Kolhapur and S. M. Country at Kolhapur on the 22nd of June 1911 in honour of Their Majesties the King Emperor's and the Queen Empress' Coronation in London. He was also present at the Annual Birth-Day Durbar at Poona. During his stay at Poona, he had the pleasure of paying a visit to H. E. the Governor of Bombay and seeing the Honourable Members of H. E. the Governor's Council and almost all the important Officers of Government then residing at Poona and being seen by them in return. H. E. the Governor also returned the visit.

20 At the kind invitation of the Government of Bombay the Chief had been to Bombay and had the pleasure of being present at the Appollo Bunder and assisting the Government of Bombay in offering the first welcome on behalf of the Princes and people of India on the 2nd of December 1911 on Their Majesties' landing at the Appollo Bunder when he had the honour of rendering his homage to Their Most Gracious Majesties after being introduced by H. E. The Governor of Bombay.

21 During the year under review the Assistant Political Agent S. M. Country and the Resident, Kolhapur and Political Agent S. M. C. States visited Kurundvad in the months of January and March respectively.

22 Appendix I gives the names of High Officials in the State.

23 Before the beginning of the year under review a new post had been sanctioned by the Chief with the necessary Office establishment with the designation of the Khasgi Karbhari and the Mamlatdar of Kurundwad as this work till then carried on by the State Karbhari had been found to come into the way of his touring work. Mr. N. D. Kulkarni who was the Mamlatdar of Tikota was selected for this new post, Mr. D. L Lohkurkar a member of the local bar being selected for the post of the Mamlatdar of Tikota. The latter gentleman took charge of the post on the 31st of May 1911. Mr. N. D. Kulkarni was about to take charge of the newly created Office when Mr. Khasnis B. A. L. L. B. went on one month' s leave and Mr. Kulkarni was, therefore, ordered to take charge of the post of the Huzur Chitnis while Mr. Khasnis was on leave. Mr. Khasnis after the completion of his leave, resigned and Mr. Kulkarni continued to act as Huzur Chitnis till 21st of January 1912 when Mr. G. B. Dinkar B. A. L. L. B. was appointed to the post. The State Karbhari continued to hold charge of the Khasgi Karbhari and the Mamlatdar of Kurundvad till the 2nd of February 1912 when Mr. Kulkarni took charge of the newly created Office and he has since then been doing the work.

24 The Public Prosecutor and the State Pleader entrusted with the duties of the Nyayadhish during the last year was made permanent and was also invested with the powers of a Magistrate of the 1st Class.

25 As noted in para 71 of the last year's report Mr. Sitaram Vishram Gandhi pensioner Head Accountant who was asked to adopt the system of accounts based on the forms prepared by Messers Hope and Symond, introduced the system into the State and supervised the work for nearly ten months when he had to resign his post owing to his presence being necessary at various places on private affairs of his for a considerable period.

CHAPTER II.

Administration of Land.

26 The lands of all villages of the State excepting those of Kurundvad and Ganeshpur were surveyed and assessed by the British Survey Department partly in the year 1887 and partly in the year 1896 and with the exception of 5 Inam villages in the Angol Taluka all the surveyed lands were brought under settlement, the term of settlement extending to the end of the Fasli year 1325. During the year under review 3 of the above-mentioned 5 villages were brought under settlement extending to the above-named period. As noted in para 13 of the last year's report the work of surveying the lands of Kurundvad begun by the end of the last year, was continued during the year under review, and nearly completed. The work of surveying the lands of Ganeshpur begun by the end under review was nearly completed by the end of May 1912.

27 Out of 7713 acres 22 Gunthas and 14 annas of waste land available for cultivation, 1704 acres and 23 gunthas were taken up for cultivation during the year.

28 The boundary disputes between Kudremani and Supe, Wategaum and Bhamburda, Hatti-Tajpur and Nidoni and Dashal and between Tikota and Kotyal are not as yet settled. There arose new boundary disputes between Alas and Shedshal and between Tikota and Dashal. Correspondence is going on in connection with these disputes.

29 Owing to the scarcity of rain in the Tikota Taluka and in part of the Kurundvad Taluka Takwai advances were sanctioned on a reasonable scale and the sum of Rs. 5468-12-0 has been ordered to be paid to needy cultivators by the end of the year under review.

30 There were no important variations in the demand and collection of land revenue proper for the year of report. The variation in the demand and collection of revenue occurred as regards the revenue of the Sheri lands.

31 The total land under cultivation in the State was 69566 acres 21 gunthas and 2 annas against 67861 acres 38 gunthas and 2 annas of the past year.

33 327 notices of demand had to be issued for the current year's demand while in seven cases only the arrears were recovered by the distraint of property and in none extreme measures of sale were resorted to.

34 The scheme noted in para 19 of the last year's report about introducing a set of regulations for the proper maintenance of boundary marks was sanctioned by the Chief on the 27th of December 1911 and was partially brought into operation during the current year.

35 The question of settling the points of disagreement as regards "Baluta" between the Mahars and the rayats continued to be under consideration during the year under review.

61 The subjects of the State have not been given the right of suing the State as the powers of the local Government and the High Court are centered in one and the same individual viz the Chief. The subjects are given expressly the remedy of having their grievances redressed by a petition of rights presented within the period of Limitation for suits

and the corresponding portions of acts No.XIV of 1869 and XIV of 1882 and other like Acts are notified to be not in force in the State.

62 Appendix X gives the details of the number and description of the original Civil Courts during the year as also the results of the work done in the disposal of suits as compared with that of the past year.

The Managing Committee consists of a Chairman and 5 ordinary members elected by the General Committee and continues to look after the executive work of the Municipality. During the year under review Mr. G. K. Konradi a pleader of the State was elected Chairman of the Committee and continued to act throughout the year. + Till the end of the last year, the Municipality was not including the sum deposited at its credit in its closing balance of the year. This practice appeared to be unsound and the sum of Rs 4731-12-0 deposited by the end of the last year has been, therefore, included in this year's receipts. The receipts also include the recoveries of arrears to the extent of about Rs 1500. By the end of the year, Rs 6100 were deposited by the Municipality and this amount is shown in the increased closing balance.

Sir,

I have the honour to submit, by direction of the Chief of Kurundvad (Senior), the Annual Administration Report of the Kurundvad State (Senior Branch) for the Administrative year ending 31 st March 1913 and the financial year ending 2nd June 1913.

2 The Statements as per list accompany.

CHAPTER I

General and Political.

3 The Political relations between the British Government and this State were as cordial as ever.

4 The State is divided for administrative purposes into three Talukas, Kurundvad, Angol and Tikota which are situated in the Belgaum and Bijapur Districts. One village in the Kurundvad Taluka is situated in the Satara District. The State has an area of 185 square miles and it's population according to the provisional figures of the Census of 1911 is 38357 souls. The average gross revenue of the State including Inam alienations (based on an average of past five years) comes to Rs. 166649-11-7. This figure includes the revenue of the Chief's Sheri lands and Inam villages situate in the State and Inam property situate elsewhere as well.

5 The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted on account of the yearly fixed compensation payable by the British Government for the prohibition of the manufacture of earth-salt at Tikota and the exact amount yearly paid to the British Government is Rs. 8425-2-9 (vide Bombay Government Resolution No. 8108 dated 3rd November 1900).

6 The Chief, Bhalchandrarao Chintaman alias Annasaheb Patwardhan, is a Konkanastha Brahmin by caste and is 40 years old. He is an Art–graduate and a Sanskrit Medalist of the Allahabad University. His wife Shrimant Soubhagyawati Yeshodabaisaheb comes of the Mujumdar Family of Baroda. The Chief's Step mother Shrimant Laxmibaisaheb, the widow of the late Chief, comes of the Bhagwat Family of Ramapur in the Aundh State and usually resides at Kurundwad. The Chief's step–sister Yamutaisaheb alias Akkasaheb is only five years old and is taken care of by her mother.

7 No marriage celebration or any other event of importance in connection with the household of the Chief has taken place during the year under review.

8 Being pressed by a number of Sardars on the list of Sardars for the Deccan to stand as a candidate as their representative at the last triennial election of the Council of H. E. the Governor of Bombay for making laws and regulations, the Chief offered himself as a candidate and had the honour of being elected by a substantial majority, the rival candidate being Sardar Narayanrao Babasaheb, the Jahagirdar of Ichalkaranji. The event was acclaimed throughout the State with feelings of sincere joy and addresses from the subjects of the State were presented to the Chief.

9 When the sad news of the dastardly attempt on the lives of Their Excellencies Lord and Lady Hardinge reached Kurundvad, the people arranged a public meeting to express their feelings of profound indignation and horror at the disgraceful deed. The Chief presided over this meeting and resolution passed at that time was communicated to his Excellency's Secretary. all the Offices and Schools were ordered to be closed for one day to mark the sense of abhorrence of the dastardly act.

10 Later on when the scheme for presenting an address to H. E. Lady Hardinge was set on foot by H. E. Lady Sydenham, a meeting of all ladies in the town was held under the presidency of Shrimant soubhagyawati yeshodabaisaheb, the wife of the Chief. The meeting though the first of it's sort was a complete success and the address was enthusiastically voted for.

State Karbhari, Kurundwad (Senior),

To,

Major E. O'Brien,

Assistant Political Agent,

Southern Maratha Country,

State Karbhari's Office,

Kurundwad 10th July 1914.

Sir,

I have the honour to submit, by direction of the Chief of Kurundwad [Senior] State, the Annual Administration Report of the Kurundwad State (Senior Branch) for the Administrative year ending 31st March 1914 and the financial year ending 2nd June 1914.

2 The statements as per list accompany.

CHAPTER I

General and Political.

3 The Political relations between the British Government and this State were as cordial as ever.

4 The State is divided for Administrative purposes into three Talukas, Kurundwad, Angol and Tikota which are situated in the Belgaum and Bijapur Districts. One village in the Kurundwad Taluka is situated in the Satara District. The State has an area of 182-5 square miles and it's population according to the Census of 1911 is 38375 souls. The discrepancy in the figure of the area of the State as shown in this report and in the previous reports was, as already noted in this office No. 393 dated 21st October 1913 addressed to you, due to the figures shown in previous reports being calculated on a rough basis, as some villages in the State were then unsurveyed. The average gross revenue of the State including Inam alienations (based on an average of past five years) comes to Rs. 180643-11-9. This figure includes the revenue of the Chief's Sheri lands and Inam villages situate in the State and Inam property situate elsewhere as well.

5 The State pays to the British Government an annual Tribute of Rs. 9618-12-0. Out of this sum Rs 1193-9-3 are deducted on account of the

yearly fixed compensation payable by the British Government for the prohibition of the manufacture of earth-salt at Tikota and the exact amount paid to the British Government is Rs 8425-2-9 (vide Bombay Government Resolution No. 8101 dated 3rd November 1900.)

6 The Chief Bhalchandrarao Chintaman alias Annasaheb Patwardhan is a Konkanasth Bramhin by caste and is 41 years old. He is an Art-Graduate and a Sanskrit Medalist of the Allahabad University. His wife Shrimant Soubhagyawati Yeshodabaisaheb comes of the Mujumdar family of Baroda. The Chief's Step-mother Shrimant Laxmibaisaheb, the widow of the late Chief, comes of the Bhagwat family of Ramapur in the Aundh State and usually resides at Kurundwad. The Chief's step-sister Yamutai alias Akkasaheb is six years old and is taken care of by her mother.

7 No marriage Celebration or any other event of importance in connection with the household of the Chief has taken place during the year under review.

8 During the year under review the Chief had several occasions to go to Bombay. He attended all the meetings of the Legislative Council of His Excellency the Governor of Bombay and being honoured with an invitation to receive His Excellency the Viceroy when he came to Bombay for opening the Alexandra Docks, attended the reception of Their Excellencies the Viceroy and Lady Hardinge and was present at the opening of the Docks. He was also present at the 'At Homes' in the Government House at Poona in August and September. Besides these opportunities the Chief had twice the pleasure of paying respects to His Excellency Lord Willingdon in June and December 1913 and was honoured with a return visit at Poona on 2nd July 1913. While at Bombay and Poona, he also paid visits to the Members of the Council of the Government of Bombay and other High officials of Government.

9 An event of great importance to Kurundwad during the year was the visit of the Honourable Sir Richard Lamb in the month of December. During his very short stay here he, accompanied by the Chief, Lt.-Col. F. W. Wodehouse, C. I. E, Resident, Kolhapur and Political Agent, S. M. C. States, and yourself, inspected several State Institutions and expressed his general satisfaction at the management of them all.

10 Mr. L. Robertson I. C. S, the Secretary to the Government of Bombay, Political Department visited Kurundwad. in the month of April 1914, while the Resident, Kolhapur and Political Agent, S. M. C. States and you visited Kurundwad in the month of December and Angol Taluka in the months of February and March respectively.

11 Appendix I gives the names of High Officials in the State.

CHAPTER II.

Administration of Land.

12 The lands of all villages except those of Kurundwad and Ganeshpur were surveyed and assessed by the British Survey Department partly in the year 1887 and partly in 1896 and with the exception of two Inam villages in the Angol Taluka, all the surveyed lands were brought under settlement extending to the end of the Fasli year 1325. As noted in the last year's report, the work of surveying and assessing the lands of Kurundwad and Ganeshpur being completed, it is proposed to bring the lands of those two villages under settlement in the current year, the necessary papers having been practically completed during the year of report.

13 During the year no waste land was brought under cultivation. But acres 214-6-10 of land under cultivation were given up by the cultivators. At the end of the year, therefore, there remained acres 6178-1-8 as waste land.

14 During the year of report boundary disputes between (1) Alas and Shedshal (2) Tikota and Nidoni (3) Tikota and Kotyal were settled, while those between (1) Wategaon and Bambavade (2) Kudremani and Supe (3) Tikota and Dashal were not settled at the close of the year. There arose new boundary disputes, during the year of report between (1) Uchagaon and Sundi (2) Surute and Yellebail.

15 No Takwai advances of any considerable value were paid to the rayats but remission to the amount of Rs. 2463-5-5 was given to them during the year of report.

16 The total land under cultivation in the State was acres 100029-5-13. The last year's figure under this item was acres 69611-19-2. The cause of the discrepancy is that in the previous year's figures ~~arrears~~ areas of Inam villages were not included.

17 The revenue demand on all heads amounted to Rs. 158815-2-4½ against Rs. 163582-4-10 of the past year. The total land revenue collection of the demand of the year under report inclusive of the collection of past arrears amounted to Rs. 177388-3-10½ against Rs. 171910-2-10½ of the past year.

18 468 against 647 notices of demand had to be issued during the year. In no cases were arrears recovered either by the distraint of property or by sale.

19 Thorough inspection of boundary marks was made in 5 villages of Angol Taluka, of about 100 survey numbers of Tikota Taluka and of one fourth portion of the Survey Numbers in each of the villages of Kurundwad Taluka.

20 I visited Angol Taluka and Wategaon Mahal in the months

of August and February respectively.

21 The Chief had been to Uchagaon and Angol in the months of April and May respectively for local inspection.

CHAPTER I

General and Political

3 The Political relations between the British Government and this State were as cordial as ever.

4 The State is divided for Administrative purposes into three Talukas, viz:- Kurundwad & Angol situated in the Belgaum District, and Tikota situated in the Bijapur District. One village in the Kurundwad Taluka is situated in the Satara District. The State has an area of 182 · 5 square miles and it's population according to the census of 1911 is 38375 souls. The average gross revenue of the State excluding Inam alienations [based on an average of the past five years] comes to Rs. 149923-14-10. This figure includes the revenue of the Chief's Sheri lands and Inam villages situate in the State and Inam property situate elsewhere as well.

5 The State pays to the British Government an annual tribute of Rs. 9618-12-0. Out of this sum Rs. 1193-9-3 are deducted, on account of the yearly fixed compensation payable by the British Government to the State for the prohibition of the manufacture of earth salt at Tikota, and the

exact amount paid to the British Government is Rs. 8425-2-9 [vide Bombay Government Resolution No. 8101 dated 3rd November 1900] .

6 The Chief, Bhalchandrarao Chintaman alias Annasaheb Patwardhan, is a Konkanasth Brahmin by caste and is 42 years old. He is an Art Graduate and Sanskrit Medalist of the Allahabad University. His wife, Shrimati Soubhagyawati Yeshodabaisaheb comes of the Mujumdar family of Baroda.

7 The most lamentable event that occured in the Chief's household during the year under report, was the death of the Chief's step-mother Shrimati Laxmibaisaheb at Miraj Mala on the 13th of November 1914. Her daughter Yamutai alias Akkasaheb i.e. the Chief's step-sister who is seven years old is at present taken care of, at the request of the Chief, by Shrimant Babasaheb, the Chief of Miraj Junior, who is her natural brother.

8 The news that war was declared by Great Britain and her Allies with Germany and Austria Hnngary was received here while the town was actually under the floods of rivers Krishna and Panchganga and when telegraphic communication had also stopped owing to the breaking of the wires. The Chief conveyed on the 14th August 1914 to the Resident, kolhapur and political Agent. S. M. Country States the readiness of himself and his subjects to place at the service of the Empire all the resources of the State and it's subjects. The Chief received in reply a letter No. 3442 dated 21st August 1914 from the Resident, thanking him and the State for their loyal offer.

9 The Chief and the subjects of the State contributed rupees 1500 & Rs. 2254-6-3 respectively to the war Relief Fund. The Chief's wife contributed Rs. 500 to the woman's Branch of the War Relief fund.

The one source of income from this area is to let the land for cattle-grazing. The Chief has sanctioned for the current year additional expenditure under this heading for obtaining for some six months the services of an experienced forest-officer either by way of loan or otherwise to report upon the possibilities of the growth of the income from these two areas after a proper study of the nature of the soil and other necessary particulars. The total revenue of the forest realised upto the end of the year under review amounted to Rs. 489-8-6, while the expenditure incurred on account of this Department was Rs. 2551-1-6. The

decrease is due to Hirda fruit being not sold by the end of the year.

General condition:--

84 Though the rainfall was more than sufficient and the crops thrived excellently, the year under report was not favourable to Kurundwad and other villages of the State lying on the bank of the Krishna River. In summer they were affected by chclera. In the rainy-season the waters of the rivers Krishna and Panchganga abnormally rose to a height greater than that of the year 1912. At Kurundwad the waters entered almost all the streets and lanes and roughly speaking only one-third portion of the town remained unflooded. Many houses came down either on account of rain or of the floods. The postal communication was stopped for 8 days and telegraphic communication was stopped for 3 days. After the rainy season was over, the town was affected by plague which lasted for above 5 months. The alignment of the telegraphic line has been changed altogether for avoiding interruption on account of the floods.

85 I had submitted a scheme after the floods of 1912 for the enlargement of the town site requesting sanction to acquire some agricultural lands to the south of the town for adding to the town site on certain conditions as these lands were not liable to be flooded over owing to their higher level. After this year's higher floods subsided, the question of ensuring, as far as possible, the inhabitants of the town from the effects of the floods, became a serious one & my scheme was sanctioned during the year under review, with the necessary modifications. As a preliminary measure, steps are being taken to acquire these lands under the Land Acquisition Act.

86 Appendix XX gives the agricultural live-stock in the State.

87 There was no immigration or emigration in the State.

CHAPTER V.

Revenue and Finance.

88 The lease of the part of country liquor and taddy-management of the State by the British Government expired on 31st July 1914. Correspondence is going on in respect of a renewal of the same and the matter is expected to be disposed of shortly. The yearly compensation payable to this State on account of lease of hemp-drugs management of the State by the British Government for the period ending 31st March 1916 is Rs. 1905-0-0. The revenue and the number of excise shops holding licenses from the State itself as well as from the Abkari Department of the British Government for the part leased by the British Government are shown in Appendix XXI.

89 Appendix XXII gives in detail, receipts and expenditure of the State for the Fasali year 1324.

90 The work of bringing the accounts of the past years of the Khasgi Department is being pushed up by the Accounts & Audit Department.
